

All presentations will be by Zoom. <https://ltu-se.zoom.us/j/63764877551>
You will be able to enter the room as soon as the examiner has open it up for the participants.

Friday May 31 at 10.00

Student: Arvid Lagerström
Title: State-Space Control of Primary Linear Actuator
SAAB AB
Examiner: Thomas Kuhn
Discipline: Space Engineering

Friday May 31 at 11.00

Student: Hjalmar Stenberg
Title: Electrostatic Discharge Characterization of Space Antennas
Beyond Gravity
Examiner: Thomas Kuhn
Discipline: Space Engineering

Friday May 31 at 13.00

Student: Emanuel Roos
Title: Short-pulse amplified high-energy laser
FOI (Swedish defence research agency)
Examiner: Mathias Milz
Discipline: Space Engineering

Friday May 31 at 14.00

Student: Isak Jonsson
Title: Phase-A Power Subsystem Design for the IceBrain-1 Mission Spacecraft
LTU Kiruna
Examiner: Thomas Kuhn
Discipline: Space Engineering
